PureEdge Viewer
Overview: As part of the Forms Content Management Program (FCMP), the Army Publishing Directorate (APD) has selected the PureEdge Viewer as a replacement for FormFlow Filler and as the new Army standard for electronic forms software. FCMP provides the Army with an enterprise-wide license for the PureEdge Viewer 6.5. This agreement covers all Active Army (military, civilian and contractors), Army Reserves, Army National Guard Bureau, and any Government or civilian users conducting official Army business. FormFlow Filler will continue to be available to users until such time as the inventory of Army forms has been converted to the new PureEdge format.
